Mike, Dave:

I'm checking to see where we are with our travel budget. Unfortunately, we don't have nearly as much flexibility in terms of transferring dollars to other agencies, so that is not a workable option in this time frame. If we were able to provide non-travel funds, we would probably need to have a small contract in place with a deliverable of some sort. At this point, I don't expect we'll be able to provide additional travel support beyond the one EPA person, but I'll let you know if that changes.
